

# KEERTHANA Y

## Computer Science Student & Aspiring Software Engineer

Email: keerthana.y@example.com | Phone: +91 7975456996 | Location: India

LinkedIn: linkedin.com/in/keerthana-y-452309314 | GitHub: github.com/keerthana344

## PROFESSIONAL SUMMARY

Passionate Computer Science student with a strong foundation in software development, web technologies, and problem-solving. Dedicated to creating impactful applications, learning cutting-edge tools, and delivering high-quality clean code.

## EDUCATION

### Bachelor of Technology in Computer Science

University Name | 2022 – 2026

- Core coursework: Data Structures & Algorithms, Database Management Systems, Software Engineering, Web Development, Machine Learning.

### Higher Secondary Education (XII)

School Name | 2020 – 2022

- Focused on Mathematics, Physics, and Computer Science.

## TECHNICAL SKILLS

|                        |                                                |
|------------------------|------------------------------------------------|
| Programming Languages: | Python, Java, JavaScript, C/C++, SQL           |
| Web Technologies:      | React.js, HTML5, CSS3, Node.js, Flask, FastAPI |
| Tools & Databases:     | Git, GitHub, Docker, MongoDB, MySQL, VS Code   |

## KEY PROJECTS

### AI Chatbot Application (Python, Flask, NLP, REST API)

- Built an intelligent conversational chatbot with natural language processing capabilities and a modern responsive web interface.

### Portfolio Website (React.js, CSS3, JavaScript, Vite)

- Designed and built a modern, responsive personal portfolio with glassmorphism UI, smooth scroll navigation, and dark theme.

### Task Management System (FastAPI, React, MongoDB, JWT)

- Developed a full-stack task and project management app featuring JWT authentication and real-time updates.

### Machine Learning Predictor (Python, TensorFlow, Pandas)

- Created a predictive analysis model using TensorFlow with data visualization and evaluation dashboards.

## CERTIFICATIONS

- Python for Data Science and Machine Learning – Coursera / IBM (Dec 2024)
- Full Stack Web Development with React – Udemy / Meta (Oct 2024)
- AWS Certified Cloud Practitioner – Amazon Web Services (Aug 2024)
- Google Data Analytics Professional Certificate – Google (Jun 2024)
